# Ganesh C

Intern @ ORIGIN THE COMPANY | Networking Manager @ Softechei Club | DSA Enthusiast | Future Web Creator | Connecting Ideas with Innovation  
Bengaluru, Karnataka, India

## Summary

I'm currently embarking on an exciting journey at the Bangalore Institute of Technology, where I'm delving into the world of information science and engineering. As a first-year student, I'm passionate about programming and have a particular affinity for C and Java. I find joy in crafting elegant code and unraveling complex problems.

Web development is my creative playground, where I blend technical expertise with artistic vision to build engaging and user-friendly websites. With a fervent desire to learn and grow, I am committed to making the most of every opportunity at BIT. My goal is to contribute to the tech community and leave a positive impact.

---

## Experience
